## RETWEED Collection by Richard Frinier

The RETWEED collection is a sustainable line of performance fabrics from Sunbrella® containing up to 93% recycled content. Mid-century modern and vintage tweed-inspired, RETWEED gives the textural appearance of hand-loomed textiles where no two rolls are alike. Woven in classic neutral and richly colorful earthen hues, RETWEED incorporates the classic flecks that characteristically popularized Donegal tweeds, as well as Frinier's interpretations of classic tailored fashion patterns. Reflective of using Sunbrella recycled yarns, the flecks along with natural color variations are inherent to the recycling and manufacturing processes – perfectly imperfect design details that serve as artful and meaningful references to the significant importance of sustainable living practices.

**Comfort**

The textures of our weaves bring softness and warmth to living spaces.

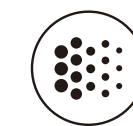

**Stain Resistant & Easy to Clean**

Sunbrella fabrics are engineered to stand up to life's toughest messes with built-in performance and a protective finish that won't wash away, even after cleaning and daily use.

**Abrasion & Pilling Resistant**

Sunbrella fabrics resist wear while remaining both comfortable and strong, without feeling heavy or stiff.

**Fade Resistant**

Unlike ordinary fabrics with dyes added to the surface, Sunbrella fibers are solution-dyed with UV stabilized pigments so the color stays brilliant over time, no matter the environment.

**ACT Certification**

As indicated, specific Sunbrella fabrics meet ACT standards for use in high-traffic areas.

**Sunbrella Limited Warranty**

We stand behind our fabrics with the most comprehensive warranty in the industry as the only performance fabric brand to guarantee against pilling and abrasion in addition to loss of color and strength. See [sunbrella.com](http://sunbrella.com) for warranty details.
